Services Include

ALSTONS SHIPPING LIMITED

# GAC-Alstons

## Trinidad & Tobago

GAC-Alstons is a partnership between GAC Shipping, a leading provider of shipping agency and marine logistics services, and Alstons Shipping Limited. The GAC-Alstons partnership combines GAC's global network and expertise with Alstons' local knowledge and resources, to provide professional port and hub agency services to Principals calling at ports throughout Trinidad & Tobago, the Caribbean and the surrounding islands.

### Established presence

Established in Trinidad in 1905, Alstons Shipping Limited now a member of the ANSA McAL Group of Companies, is one of the oldest shipping and transportation agents in Trinidad & Tobago and the Caribbean. Today, Alstons Shipping represents the interests of several international shipping companies, oil majors and various charterers.

### Comprehensive Coverage

Besides providing an extensive range of shipping and agency services at ports throughout Trinidad & Tobago and the Caribbean, GAC-Alstons offers value-added services such as Customs bonded warehousing and a complete range of specialised cargo survey and inspection services for LNG and petrochemical products. All activities and communication are centrally coordinated by our head office in Trinidad.

### Fast and efficient turnaround

In addition to quick turn around for all port calls, clients can also expect response to all inquiries within 24 hours. Our fast and efficient operations, combined with detailed knowledge of local regulations, help Principals control time-related port costs.

### Excellent industry contacts

Given our established presence in Trinidad & Tobago, and the Caribbean, we have built excellent relations with both public and private sectors of the shipping industry. These include port authorities, embassies, classification societies, shipping associations, terminal operators, stevedores, shipyard facilities and suppliers.

### Source of up-to-date information

GAC-Alstons provides current and precise information to meet the needs of all vessel operators and charterers in their planning and fixture stages. These include port conditions, port charges, navigation rules, anti-pollution and security regulations.

### Compliance with international quality standards

As an ISO 9001:2000 certified organisation, our operations are backed by stringent adherence to the highest environmental and quality standards. Alstons Shipping is also exclusive agent in Trinidad & Tobago, for SGS Societe Generale De Surveillance SA, Geneva (Switzerland), the world renowned inspection, verification, testing and certification company.
